THE PUBLISHERS, in presenting a New Issue of the POST-OFFICE GREENOCK DIRECTORY, avail themselves of the opportunity to express their grateful acknowledgments to the Merchants, Shipowners, Shopkeepers, and the Public generally, for the kind assistance which has been received in procuring the various details; and it is hoped the work will be found, on perusal, as free from errors as any of a similar kind.

The Publishers feel confident that the Directory could be greatly improved, and rendered more useful to the Public, were it issued ANNUALLY, instead of every alternate year as at present; and, in compliance with a very generally expressed desire, it is their intention to spare neither labour nor expense in supplying the desideratum. By availing themselves of every description of local and general information likely to prove useful and interesting, they confidently hope that the future issues of the DIRECTORY will obtain the continued support of the community.

STAMP DUTIES.

ACT 17 & 18 VICT., CAP. 83. DATED AUGUST 9, 1854.

HINTS RELATING TO SOME FEW POINTS USEFUL IN MERCANTILE TRANSACTIONS.

Copies of Letters referred to in the following Remarks are given pages ix., &c., and numbered consecutively.

I.—FOREIGN BILLS OF EXCHANGE.

1.—Bills drawn in, but payable out of the United Kingdom. If purporting to be drawn in a set, the whole number must be issued and stamped, under a penalty of £100, and persons knowing that the whole set is not drawn, and receiving the same, are deprived of all title to recover. Sec. 6. Does not apply to No. 3 below.—*Vide letter of T. Keogh, Inland Revenue, 16th October, in Times, 18th October, 1854. (Letter No. 1.)*

2.—Bills drawn out of, but payable in the United Kingdom. Only that bill of the set which is negotiated or paid needs a stamp, but that Stamp must be to the *full amount* of the Bill. *Vide letter of T. Keogh, 3d November, in Times, November 6th, 1854. (Letter No. 4.)*

Penalty for negotiating such a Bill without a Stamp, or not effacing it, £50; and a party receiving such a Bill cannot make it available for any purposes. Sec. 5.

3.—Bills drawn abroad endorsed to parties in the United Kingdom, but payable abroad, must be stamped as if they were drawn in England and payable abroad. See Schedule, Sec. 3.—*Vide illustration in letter of T. Keogh, Times, October 19th, 1854. (Letter No. 3.)*

4.—A Bill remitted to a Merchant, drawn upon himself, must be stamped, even though it should never leave his hands, or it would be unavailable as evidence.—*Vide Economist, 16th September, 1854.*

II.—INLAND BILLS OF EXCHANGE.

The difference in Duty on Bills under and above 2 months' date and 60 days' sight is now abolished.—*Vide Schedule.*

III.—CHEQUES.

1.—Unstamped Drafts on Bankers not to be circulated beyond 15 miles in a direct line from the place where payable, under a penalty of £50.

It has been held, however, that Cheques, though drawn beyond that distance, if presented by the Drawer or his Servant, and not paid away, require no stamp.—*Swan, 21st May, 1847.*

2.—A Cheque payable to A B or his order (*viz.*, not the bearer), though not sent beyond the said distance, must be stamped.

3.—Unstamped Cheques lawfully issued within 15 miles may be remitted beyond said limit, on affixing and cancelling a proper adhesive Stamp. Sec. 8.

4.—Cheques on Bankers may be issued for less than £1. Sec. 9. Although prohibited by 17 Geo. III., Cap. 30.

IV.—DRAFTS.

1.—A penny *adhesive* "Receipt Stamp may be used for a "Draft," without regard to the word "Receipt" written on it. Sec. 10.

2.—A letter to a Debtor requesting him to pay what he owes the writer to the bearer, the writer's clerk, does not require to be stamped. *Economist*, 21st October, 1854.

V.—RECEIPTS.

1.—The word "Receipt" is made of much wider signification than hitherto. The exemption of letters acknowledging receipt of Bills, &c., is repealed, but receipt for monies paid to the Crown still exempted. Sec. 13 and 14.

2.—A penny *adhesive* "Draft" Stamp may be used for a "Receipt" without regard to the word "Draft" written upon it. Sec. 10.

MISCELLANEOUS.

All Bills, Drafts and Notes, which are deemed by the Acts to be Bank Notes, excepting Bank of England Notes, are to be liable to the Stamp Duty. Sec. 12.

Instruments liable to Stamp Duty are to be admitted in evidence in any criminal proceedings, although not stamped. Sec. 27.

Two Stamps, making together full amount of Duty, may be affixed instead of one of the required value. *Vide letter of Chairman of Inland Revenue, Times, 18th October, 1854. Vide same letter for Remarks on Cancellation of Stamps. (Letter No. 2.)*

Receipts given to manufacturers by their own workmen in pass-books, require to be stamped.—*Vide letter of T. Keogh, 29th Nov., in Times of 1st December. (Letter No. 5.)*

COPIES OF LETTERS REFERRED TO IN ABOVE "HINTS."

No. 1. FROM *Times* OF 18TH OCTOBER.

Inland Revenue, Somerset-house, London, Oct. 16.

Sir,—I have to refer to the Board's communication to you, dated the 28th of August last, in answer to your letter of the 26th, containing several questions relative to the Stamp Act, 17 and 18 Victoria c. 83, in which communication it was stated that section 6

of the act applies to foreign bills drawn and payable abroad, if negotiated in the United Kingdom.

I beg leave to acquaint you that the matter has since undergone further consideration, and, having been submitted to the law officers of the Crown, they have advised that the operation of the clause in question is confined to bills drawn and issued within the United Kingdom, and payable abroad.

I have the honour to be, Sir, your obedient servant,
 J. R. Elsey, Esq. THOMAS KEOGH.

No. 2. Inland Revenue, Somerset-house, London, Oct. 16.

MY DEAR SIR,—In reply to your letter of the 14th and of this date, inquiring, first, whether the Board consider that the printed form adopted by the Bank of England for the cancellation of adhesive foreign bill stamps be a sufficient compliance with the Act of Parliament, and, secondly, whether the amount of duty to which a bill of exchange is liable may be denoted by two or more stamps. I beg to state, in reference to the first question, that, so far as the Board is concerned, the use of the printed form in question will be considered a sufficient compliance with the act.

The Board will not require that the whole of the name, or firm, or date shall actually be upon the stamp, and will esteem it sufficient if these particulars be written or printed across the stamp, notwithstanding a portion of such writing or printing may not be actually upon it.

The object of cancellation is to prevent the use of a stamp for more than one bill; and, provided this be effected, even by initials and date, the Board certainly will not prosecute, and no prosecution can be instituted, excepting by the Board.

I must, however, distinctly state that the Board cannot by any regulation, or the expression of any opinion, remove difficulties that may arise between the parties to a bill. Its validity, so far as the parties are concerned, must, in case of doubt, depend on the interpretation which may be put by a court of law on the terms of the act.

In reply to the second question, I have to state that there is nothing in the act to prevent the required amount of duty being made up by several stamps.

I am, my dear Sir, yours most faithfully,
 M. Marshall, Esq. JOHN WOOD.

FROM *Times* OF 19TH OCTOBER.

6, Copthall Court, Oct. 18.

SIR,—We enclose the annexed correspondence to serve for general information. You will observe that the third question has been misunderstood, but is satisfactorily disposed of by the previous answers.

We are, Sir, your obedient servants,
 The Editor of the *Times*. R. RAPHAEL & SONS.

6, Copthall Court, Throgmorton Street, Oct. 12.

SIR,—We request your interpretation of the effect of the new Stamp Act in the following cases which have actually occurred, and are pressing for decision:—

1. Amsterdam remits to London *second and third* of bill on Madrid

(£600), drawn from Iserlohn in Prussia—the drawer having sent the first for acceptance to be claimed by endorsed second and third,

The Spanish post being considered unsafe, the buyer in London requires both second and third.

Will the rate of the Inland stamp suffice for the second, delivering and marking the third (second stamped 7s 6d)?

2. Amsterdam sends to London, in same remittance, a similar bill of £300, *first and second*. Will a *copy* of the first, stamping each 1s, fulfil the intention of the law as to the third, or may it be treated as in the first case?

3. In the first or second cases, having only two bills of a set, can the inland rate of stamp be divided in *halves* to be applied to each—say on 350, two at 2s, instead of three at 1s 4d? (There are no exact equivalents in some cases.) The most practicable method, if it is consistent with the law, will be the full stamp to *one* of the set, and the annotation on the other as practised abroad.

Thomas Keogh, Esq.

R. RAPHAEL & SONS.

No. 3. Inland Revenue, Somerst-house, London, Oct. 16.

GENTLEMEN,—I have laid before the Board your letter of the 12th inst., requesting information on three questions therein submitted. In reply to the first, I am directed to acquaint you that the proper stamp is 2s 6d on each of the two bills. To the second, that the proper stamp is 1s on each of the two bills. To the third, that if a bill be drawn in a set of two, each part is liable to the same duty as on an inland bill of that amount.

Messrs R. Raphael & Sons.

THOMAS KEOGH.

FROM *Times* OF 6TH NOVEMBER.

The following further correspondence regarding the Stamp Act has passed between the Bank of England and the Board of Inland Revenue, from which it will be seen that, upon reconsideration, the Board have modified their views expressed to Mr Grain, the notary, and published in the *Times* of the 25th ult., to the effect that each part of the bill drawn abroad in sets, and payable in this country, is liable to the duty on an inland bill:—

Bank of England, Oct. 26, 1854.

MY DEAR SIR,—I am quite sorry to trouble you further on questions arising under the new Stamp Act; but I am rather puzzled at the answer you have given to Mr Grain with respect to bills in sets drawn abroad, and payable in the United Kingdom.

Will you, therefore, allow me to ask if you mean that each bill of the set is liable to the full duty on a single inland bill of the same amount? In other words, supposing that I am the holder of two parts of a bill for £1,500, are both these parts liable to the full duty of 15s, or only to 5s each? If you hold that they are both liable to the full duty of 15s, then double duty is exacted, and in the latter case one-third of the duty would be lost to Government.

I raise this question simply on this ground:—It is the most common of practices to draw bills abroad in sets, send the first for acceptance, and negotiate the second or third, affixing a note at the bottom that the first is with "A.B."

The first is claimed by the holder of the second, and, as the latter contains all the endorsements, the two are pinned or wafered to-

gether, and form one bill, liable, I think, as in the case of a £1,500 bill, to the duty of 15s. The third probably never makes its appearance.

Now, we hold a large number of bills in this condition, on one of which the full duty as for a single inland bill is indicated by the appropriate stamp, and, as they are maturing every day, and paid without hesitation on presentation, it is of importance that the point I have raised should be clearly understood.

I am, my dear Sir, yours very truly,
 Thomas Keogh, Esq., &c. M. MARSHALL.

No. 4. Inland Revenue, Somerset-house, Nov. 3, 1854.

MY DEAR SIR,—I have laid your letter before the Board, and the subject has been carefully reconsidered.

I have now to acquaint you, that it is the opinion of the Board, that, although a bill drawn abroad, and payable in this country, may be in duplicate or triplicate, it only represents one transaction, and that it is liable to the duty on one inland bill of the same amount. The practice of the Bank as described by you is, therefore, correct.

I am further directed to state that, although the Board desires to pay the most respectful attention to every question, and give all the information in its power, yet that the public ought to recollect that the opinion of the Board can have no authority in a court of law, and that it would be safer and more expedient on every ground for parties to apply to their own legal advisers for the solution of doubts on the construction of Acts of Parliament.

I am, my dear Sir, yours very truly,
 M. Marshall, Esq. THOMAS KEOGH.

FROM *Times* OF 1ST DECEMBER.

10, St. Mary-axe, Leadenhall Street, Nov. 27.

SIR,—Might I request your answer to the following questions relating to the new Stamp Act? 1. My smith's account is kept in two books—one for him, one for me. On this latter he gives me each week a receipt for money paid him. 2. My foreman carpenter, who works solely for me by contract on my premises, enters also in a book all the work done and sums paid him. Can, in either case, the penny stamp be dispensed with, or does the act make the use of it obligatory? Thanking you beforehand for the favour of a reply, I beg to subscribe myself,

Your most obedient servant,
 AUBIN CHAPPUIS.

Thomas Keogh, Esq., Inland Revenue, Somerset-house.

No. 5. Inland Revenue, Somerset-house, London, Nov. 29.

SIR,—The Board having had before them your letter of the 27th inst., I am directed to acquaint you that they are of opinion that receipt stamps are required in both the cases therein submitted.

I am, Sir, your obedient servant,
 Mr Aubin Chappuis. THOMAS KEOGH.

POSTAGE STAMPS.

Every Postmaster is required to have on hand a sufficient stock of postage labels and penny stamped envelopes, and to sell them to the public at the following prices :—

Stamped Labels.

Penny Labels,	-	1d. each.	Sixpenny Labels,	-	6d. each.
Twopenny do.,	-	2d. each.	Shilling do.,	-	1s. each.
Fourpenny do.,	-	4d. each.			

Stamped Penny Envelopes.

8 ,,	-	0	9	2 ,,	-	0	$2\frac{1}{4}$
6 ,,	-	0	$6\frac{3}{4}$	1 ,,	-	0	$1\frac{1}{4}$

RATES OF POSTAGE.

*Inland Letters.**

1. With the exceptions afterwards mentioned, the rate of postage on all inland letters is regulated by weight, irrespective of distance, and is as follows :

If paid in advance.

Letter weighing not more than $\frac{1}{2}$ oz.	-	-	-	-	1d.
,, ,, more than $\frac{1}{2}$ oz. but not exceeding 1 oz.	-	-	-	-	2d.
,, ,, more than 1 oz.	-	-	-	2 oz.,	4d.
,, ,, more than 2 oz.	-	-	-	3 oz.,	6d.

and so on ; twopence being charged for every additional ounce.

2. Except on re-directed letters, the postage, if not paid in advance, is double the foregoing ; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, on delivery, is charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid.

* Inland Letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

Colonial and Foreign Letters.

3. The rates of postage on letters to foreign countries and the colonies are entered in the Alphabetical List of Foreign Countries.

Addresses to the Queen and Petitions to Parliament.

4. Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or are in covers open at the sides. No letter, or other enclosure, however, must be inserted, and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers and other periodical Publications bearing the Newspaper Stamp.

5. Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

6. All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz. :—

1. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were lately applicable only to newspapers properly so called. These restrictions are shown in the following Table :—

Amount of Stamps impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial Extent of Letter-press on One Side.
One Penny -	Two - -	2,295 inches.
Three Halfpence	Three - -	3,443 ,,
Two Pence -	Four - -	4,591 ,,

2. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3. The title and date of the publication must be printed at the top of every page.
4. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined.
5. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.
6. It must be posted within fifteen days from the printed date of issue.
7. It must have either no cover or a cover open at the ends.
8. It must contain no enclosure.
9. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it.
10. If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.
11. When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable; and if the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it will be charged 2d. In case of any other irregularity the publication is dealt with in accordance with the regulations of the book post.
12. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

13. Unstamped publications, or stamped publications which have been issued more than fifteen days, can be forwarded within the United Kingdom and to most of the colonies under the regulations of the book post.

7. Newspapers sent abroad are liable to the same regulations as newspapers passing (under the newspaper privilege) between different parts of the United Kingdom, except that, before going abroad, the name of the newspaper must have been registered at the General Post Office; and that, instead of requiring to have an impressed stamp, each newspaper, if sent to a British Colony, is liable to a postage of 1d. (which must be prepaid by a postage label or in money). In all cases of newspapers going abroad the impressed stamp stands for nothing.

Book Post.

8. At the following charges, and on the subjoined conditions, book packets may be sent by the post to any place within the United Kingdom.

Weighing not more than 4 oz.	- - - - -	1d.
„ more than 4 oz. and not exceeding 8 oz.	- - - - -	2d.
„ more than 8 oz.	„ „ 16 oz.	4d.
„ more than 1 lb.	„ „ 1½ lb.	6d.

and so on, 2d. being charged for every additional half pound or any less weight.

1. The postage must be prepaid in full, by means of postage stamps affixed outside the packet or its cover.
2. Every packet must be sent either without a cover, or in a cover open at the ends or sides.
3. If the postage paid on the packet amount to as much as 4d., it may contain any number of separate books or other publications, prints, or maps, and any quantity of paper, parchment, or vellum (to the exclusion, however, of written letters, whether sealed or open). And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise), in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.
4. But if the postage paid be less than 4d., the packet must consist exclusively of printed matter, without restriction, however, either as to the number of publications or separate sheets, or as to whether they are bound or unbound. If any other matter be included, the packet

will be subject to the penalty mentioned in the 9th Condition.

5. A book packet, whatever may be the postage paid thereon, must not contain any written letter, closed or open, or any enclosure sealed or otherwise closed against inspection ; nor must there be any written letter, nor any communication of the nature of a letter written in any such packet or its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter, and may therefore be made when any writing is permitted ; that is, when a postage of 4d. at least is paid.
6. No book packet can be received, if it exceeds two feet in length, width, or depth.
7. Any packet which shall not be open at the ends or sides, or shall have any written letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with the "unpaid" or double letter postage.
8. If a packet be found to contain any written letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage, as an unpaid letter, together with an additional rate of 4d. ; and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.
9. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of 1d., it is forwarded, charged with the deficient book-postage, together with an additional rate of 4d. ; but any packet which shall bear no postage stamp is charged with the "unpaid" or double letter postage.
10. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

9. The regulations of the Colonial Book Post are similar to the foregoing.

10. In no case can a book-packet be sent to the Colonies (except at the letter rate of postage) through a foreign country.

REGISTRATION.

By the prepayment of a fee of sixpence any letter, book, or other packet on which the postage has been prepaid in stamps, may be registered. This will make its transmission more secure by rendering it practicable to trace it, when inland, from its re-

ceipt to its delivery; and when colonial, if not to its delivery, at least to the port of despatch. The Post Office does not guarantee the safe delivery of the letter, &c., though the officers are of course responsible to the Postmaster-General, who will call to strict account any one neglecting his duty on this point, and, if his Grace think proper, will require him to make good any loss that may be sustained thereby.

The postage of registered letters must be prepaid; and if the letter be inland, it must be prepaid in stamps.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will be liable to a registration fee of one shilling, instead of the ordinary fee of sixpence. No Letter Carrier or Rural Messenger is required to take letters from the Public for the purpose of registering them.

The latest time for posting registered letters is entered in the Notice exhibited at the Post Office, being half an hour before the closing of the box for the mail by which it is to be despatched.

THE MONEY ORDER OFFICE

is open every week-day, fast-days excepted, from 9 A.M. to 6 P.M. The charge for such orders is 3d. on sums not exceeding two pounds, and 6d. on sums between two and five pounds. No Order will be given for sums beyond this amount; but if the sum to be transmitted exceeds five pounds, as many Orders may be taken out as will make up the sum to be sent.

The public are recommended, when applying for Money Orders, to use printed "Requisition Forms," which save time, and afford greater security, than verbal messages, against mistakes. These Forms are sold by Postmasters at the rate of ten for one penny, or of five or any smaller number for a halfpenny.

No order is allowed to contain a fractional part of a penny.

No Money Order can be issued unless the applicant furnish, in full, the surname and one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address; and if the name of either party be tendered at greater length, it must be received and advised accordingly.

COLONIAL AND FOREIGN MAILS.

A single rate of postage is given for each country.

There being no bags despatched for London on Saturday till 10 p.m., when any of the dates for the London, Southampton, or Dover Packets fall upon that day, reference must be made to the Alphabetical List for information, whether the letters should be posted on the previous Friday, or on the ensuing Sunday.

Letters for Foreign Countries, the prepayment of which is required, when put into the unpaid box, or left at the office with less than the full postage, are sent to the Dead Letter Office, and returned to the writer, when his address can be ascertained.

ALPHABETICAL LIST OF FOREIGN COUNTRIES,

WITH THE TIME OF DESPATCH FROM GREENOCK, RATES OF POSTAGE AND ROUTES OF MAILS.

The word Free, as applied to Newspapers in this List, simply means that no charge is made upon them in this country. They must, however, be registered at the General Post Office for transmission abroad.

Insurances are effected upon every species of Property on the most favourable conditions.

THE NORTH BRITISH DAILY MAIL gives every attention to Greenock Shipping Intelligence, and the General News of the District, and is thus essentially

A DAILY PAPER FOR GREENOCK.

The NORTH BRITISH DAILY MAIL is the oldest, largest, and most influential Daily Newspaper in Scotland, and has for several years enjoyed the most extensive circulation amongst the wealthy and mercantile classes of the country. The Proprietors have spared no effort or expense to enable the NORTH BRITISH DAILY MAIL worthily to maintain its position as the *leading journal* of the mercantile interests of Scotland, and to render it an adequate reflex of the passing history of the age.

The Commercial, Shipping, Legal, and General Intelligence of the NORTH BRITISH DAILY MAIL is supplied from original and trustworthy sources, and the recent Enlargement enables its conductors to make it in every respect more available than hitherto for conveying information suited to the varied tastes and interests of all classes of readers.

Unfettered by party ties, the NORTH BRITISH DAILY MAIL advocates all measures calculated to develop the social, political, and commercial progress of the country.

When the advantages derived from a Daily Newspaper are considered, coupled with the cheapness at which the NORTH BRITISH DAILY MAIL is supplied to Subscribers, no individual who can afford ONE SHILLING WEEKLY ought to hesitate in availing himself of the privileges which it confers.

As an Advertising medium, there can be few journals better suited for the announcement of Sales of Landed Estates, Minerals, House and other valuable Property, as well as for all Advertisements addressed to the commercial and monied interests.

MUTUAL LIFE ASSURANCE.

SCOTTISH PROVIDENT INSTITUTION,

14, ST ANDREW SQUARE, EDINBURGH.

The only Office which combines the Benefit of Participation in the **WHOLE PROFITS WITH MODERATE PREMIUMS.**

The Premiums, at early and middle ages, are about a fourth lower than in the other Mutual or Participating Offices. They are about as low as the *Non-Participating* Rates of the Proprietary Companies—which they admit of being, not only with safety, but with ample reversion of Profits to the Policy-holders, being free from the burden of Dividends to Shareholders.

Examples of Annual Premium to Assure £100 at Death.

Age 25	30	35	40	45	50
£1 18 0	£2 1 6	£2 6 10	£2 14 9	£3 5 9	£4 1 7

Thus a person of thirty may secure £1000 at death for a yearly payment of £20 15s., which, if paid to any of the other Mutual Offices, would secure a Policy for £800 only, instead of £1000.

The arrangement by which the Premiums are reduced to a rate commensurate with the risk, is obviously more suited for securing a competent family provision, in case of early death, than that which, by the same yearly outlay, secures a much smaller present sum, with the hope only of prospective and contingent additions.

PROFITS.

The principle on which the PROFITS are divided is at once safe, equitable, and favourable to good Lives—the surplus being reserved for those Members who alone can have made surplus payments: in other words, for those whose Premiums, with accumulated Interest, amount to the sums in their Policies.

The practical working of the system has been that, at the First Division of Surplus, Bonus Additions were made to the Policies which had come within the Participating Class,

varying from 20 to 54 per cent. on their amount.

In all points of practice—as in provision for the indefeasibility of Policies, facility of license for travelling or residence abroad, and of obtaining advances on the value of the Policies—the regulations of the Society, as well as the administration, are as liberal as is consistent with right principles.

Reports, explanatory of the principles, with every information, may be had on application at the Head Office, or any of the Agencies.

THE FORTY-SEVENTH ANNUAL MEETING of the Proprietors of the NORTH BRITISH INSURANCE COMPANY was held in the Company's Office in Edinburgh, on the 2d March, 1857 :

ANDREW COVENTRY, Esq., Advocate, in the Chair.

A Report by the Directors on the Business of the Year ending 31st December, 1856, was read.

In the LIFE DEPARTMENT, in the course of the year, New Policies were issued insuring £274,274; and paying in Annual Premiums, £9061 14s. 9d.

Since the extension of the Business to Life Assurance in 1823, the Company has paid Life Claims to the amount of £1,285,507.

The ACCUMULATED FUND amounted to £664,692 13s. 11d. The ANNUAL REVENUE from Life Premiums was £116,846 13s.

The PROFITS arising from the Life Department do not fall to be ascertained and allocated until the expiry of the Septennial period, 31st December, 1858; but looking to the past favourable rate of mortality amongst the assured, and the state of the Life Fund, the benefit of the Prospective or Interim Bonus of £1 per cent. per annum, was extended to all Policies that may be effected before 31st December next.

The Bonus Accumulations at last Division of Profits ranged from 25 to 70 per cent. on the Premiums paid.

In the ANNUITY DEPARTMENT the sum of £12,196 19s. was received for Annuities granted during the year 1856; and the ANNUITY FUND amounted at 31st December to £112,447 12s. 8d.

In the FIRE DEPARTMENT the results of the year's business were equally satisfactory. After providing for the dividend of *Eight per cent.* on the paid-up capital, free of Income-Tax, the sum of £7099 10s. was carried to the RESERVE FUND, increasing it to £46,994 0s. 1d. at 31st December, 1856. A dividend at the rate of *Eight per cent.*, free of Income-Tax, was accordingly declared, and made payable on and after the 6th day of April next.

JAMES BORTHWICK, *Manager.*

Edinburgh, 3d March, 1857.

LIFE ASSURANCE.

The system of the NORTH BRITISH INSURANCE COMPANY combines the benefit of Mutual Assurance with the safety of a large Protecting Capital, and affords all the facilities and advantages which can prudently be offered by any Life Assurance Office.

Parties may either assure a precise sum at a low rate of Premium, or, as in Mutual Assurance Offices, pay a higher rate, and have

Periodical Returns in the shape of Bonus Additions to the sum insured.

NON-PARTICIPATING POLICIES may at any time be transferred to the PARTICIPATING CLASS on equitable principles.

GENERAL FACILITIES.

Bonuses may at any time be commuted for an equivalent Cash Payment, or may be applied in reduction of future Annual Premiums.

Parties who may be desirous to discontinue their Policies (after three years' subsistence) may either have the surrender value in Cash, or a NEW POLICY FOR A CORRESPONDING LARGER SUM FREE OF PREMIUM.

On Insurances for the whole life, half the premium may remain on credit for the first five years, or one-third during the convenience of the party assured.

No extra charge for residence in British North America, the Cape, Australia, (excluding the Diggings,) New Zealand, and parts of the United States; and no license required except for the voyage.

Policies, on proof of age of the party assured, are declared INDISPUTABLE from and after the expiry of FIVE YEARS from their date, provided that the ordinary annual and extra Premiums stipulated by the Policy be duly paid.

Parties effecting Insurance with the Company may, on application, receive a Certificate declaring the Policy *exempt*, FROM AND AFTER THE EXPIRY OF FIVE YEARS FROM ITS DATE, from the payment of extra premium for travelling or residing beyond the limits of Europe, or for entering into MILITARY or NAVAL SERVICE, and from the necessity of applying for License so to travel or reside, or for entering, after the expiry of the said FIVE YEARS into MILITARY or NAVAL SERVICE, provided it shall be shewn, to the satisfaction of the Directors, that they have, at the time of application, no intention or prospect of going abroad, or of entering into Military or Naval Service.

Advances made on Policies to the extent of their acquired value.

No Entry Money, or other charge beyond the Premium.

N.B.—In order to have the benefit of the year's entry, Proposals on the Participating Scale should be lodged on or before the 31st of December.

NEW DISCOVERY IN PHOTOGRAPHY.

URIE'S LIFE-SIZED PHOTOGRAPHIC PORTRAITS,

COLOURED IN OIL,

Price £3 3s.

This important Discovery is one of the greatest which Photographic history has to record.

Opinions of the Press on Urie's Pictures at the Scottish Photographic Exhibition :—

"PHOTOGRAPHS.—We find that commercial Glasgow is not behind in the Photographic race, for Mr Urie of that city exhibits both largely and well. His pictures, which embrace by far the largest portraits in the collection, are collodions and calotypes, touched, untouched, and coloured in oil, all very meritorious in their several styles. To this artist belongs the credit of the earliest and most satisfactory introduction of collodion pictures into Scotland, an advantage upon which he has improved far enough to enable him to rank with the foremost of his southern contemporaries. The examples which he now shows, fully sustain his reputation, both for sharpness of outline, richness of effect, the pose of the figures, and the variety of enriching accessories."—*Practical Mechanics' Journal*.

"Mr Urie, Glasgow, is also a large exhibitor, principally in portraits. In this branch of the art he is not behind any of the exhibitors. We give the preference to the photographs of Mr Urie."—*Glasgow Herald*.

"Mr Urie of Buchanan Street, one of the most successful photographic artists of the day."—*Glasgow Saturday Post*.

"Mr Urie's pictures have reached a higher point of excellence than any others which have come under our notice."—*North British Daily Mail*.

"STEREOSCOPY.—We have just had the pleasure of inspecting, at the Photographic Gallery of Mr Urie, 35, Buchanan Street, several stereoscopic pictures of surpassing excellence, produced by means of a new and most ingenious instrument."—*Daily Bulletin*.

"The machinery Mr Urie employs has cost many hundreds of pounds, and his specimens cover a large saloon. His patent portraits are splendid triumphs of the art."—*Glasgow Examiner*.

"Mr Urie's establishment, 35, Buchanan Street, is the largest of the kind in Great Britain, if not in the world."—*Glasgow Constitutional*.

DENTAL SURGERY.

E. T. DOWIE, M.D.,
DENTIST,

RESPECTFULLY intimates, that he may be consulted at any hour daily, at his house,

6 WEST BLACKHALL STREET.

He begs to state, that he was seven years a Pupil of D. A. Cameron, Esq., George Square, Glasgow, one of the most eminent Dentists in this country; that he has received a complete Medical Education at the University of Glasgow, and has been in practice in Greenock as a Dentist since 1st July, 1838. He is fully conversant with all the novelties which have been introduced into the Dental Art during the last twenty-five years, some of which he has adopted, and others rejected. Dr Dowie does not believe in the efficacy of "Patent Chairs" or "Patent Forceps," or the so-called "Improved methods of adapting Artificial Teeth without extracting stumps, or any painful operation;" but, while he abhors all nostrums, whatever means are authorised by the principles and practice of Surgery, he will employ for the relief and comfort of his patients.

PATENT MACHINERY BELT
MANUFACTORY,

190, TRONGATE, GLASGOW.

THE advantage of this PATENT BELTING consists in its uniform thickness, producing a regularity of motion and a saving to the machinery. Our process of preparing, cutting, and joining the leather into Belts (either double or single), of any size, length, or thickness, gives also about one-sixth more in length for the same weight than the ordinary Belting.

By this system, those favouring us with orders, will purchase only "Belts," there being no superfluous material in their construction.

It is necessary, however, that the *resisting power* should be stated, to enable us to supply the Belting of an *equivalent strength*, and ready stretched for use.

PATENT CLASPS for joining Belts in one-fourth of the time required for lacing.

Satisfactory references as to the above statements can be given.

SCOTTISH BOARD OF DIRECTORS.

- Thomas Richardson, Esq., Glasgow, Chairman.
- Robert Steele, Esq., Greenock, Deputy-Chairman.
- J. C. Bolton, Esq., Glasgow.
- Matthew Brown, Esq., Greenock.
- John Buchanan, Esq., Glasgow.
- James Campbell, jun., Esq., Glasgow.
- David Crawford, Esq., Greenock.
- James J. Grieve, Esq., Greenock.
- J. R. Stewart, Esq., Glasgow.
- William McEwen, Esq., Glasgow.
- James Stewart, Esq., Greenock.
- Swinton Boulton, Esq., Secretary to the Company.

The Scottish Board of the Liverpool and London Fire and Life Insurance Company beg to solicit attention to the claims which this Company is enabled to prefer to public confidence and support.

And first, the Directors would invite a perusal of that passage in the Prospectus which relates to the Constitution of the Company, its Capital and Resources; and to that statement they would merely add that of the Original Capital there is still some portion unsubscribed, and that no part of it is issued, except at a Premium, which, by direction of a clause in the Deed of Settlement, is carried to the credit of the Reserved Fund, and so goes to increase the permanent strength of the Company.

The ability of the Company to meet any demand upon its Funds has been amply tested during the Twenty Years it has existed, by the discharge of claims, under its Fire and Life Policies, to the amount of £800,000; an amount which has probably never been exceeded in the same time by any Company in so early a period of its history.

If, however, the test be deemed sufficiently severe, the Directors have the satisfaction of knowing that it has brought with it a very convincing proof that the favourable opinion of the public has been secured. The income of the Company from its Fire Business is now at a rate exceeding £222,000 a year; and its Life Premiums produce

£72,781 a year more ; added to which is an Annuity Business of very considerable magnitude—the Annuities now payable by the Company amounting to upwards of £11,000 per annum.

In reliance upon these facts, therefore, the Scottish Board of Directors respectfully invite the public to favour the Company with a portion of their patronage. They do not lay claim to any exclusive information. They do not profess to work cheaper than their competitors ; but they do undertake to have both the disposition and the means to discharge cheerfully all claims under their Policies, and to give to those who do business with them the security they seek.

The Board are invested with the absolute power of dealing with and deciding on all Proposals to, or Claims on, the Company in Scotland, and with the Investment of Funds raised in Scotland, on such securities as they may select or approve. All the Policies they may issue, whether against Fire or upon Life, will be treated as of Scottish origin exclusively. Thus the advantages of local knowledge, influence, and responsibility are combined for the Public of Scotland with the undoubted security afforded by the Capital, Resources, and Connexions of the whole Company.

In particular, the business in Scotland will be conducted on the following principles :—

1.—The Head-office for Scotland will be in Glasgow, where all Policies will be issued, and where they may be assigned or surrendered, and enforced or paid—thus obviating the necessity, incident to the Policies of English Companies generally, of seeking redress according to the forms and in the Courts of English Law, and exempting the Representatives of deceased Holders of Policies on their own Lives from being obliged to obtain, at great expense, Probates, or Letters of Administration, from the English Ecclesiastical Courts. The difficulties and inconvenience of effecting Transfers of Life Policies in England will thus be avoided ; and all business with the Company in Scotland may be transacted with the same readiness and despatch as if the Company were strictly a Scotch Company.

2.—The whole practical details of the business in Scotland will be conducted in accordance with the usages of the leading Scotch Companies, so as to remove any difference in reference to Quarter-days, or otherwise, which obtains in the two countries in Insurance business.

3.—Instead of withdrawing all the earnings of the Company in Scotland for Investment in England, as is usual with most English Companies, the Company will invest Funds on such Securities as may be selected or approved of by the Scottish Board.

4.—The Company having reserved Shares of their original Capital Stock for the purpose of allotment to Persons who are influential and able to extend the business of the Company, the Scottish Board will be prepared to issue, on very favourable terms, to Parties in Scotland, Shares proportioned in number to the extent of business such Parties may be able to command.

On all subjects connected with the business of the Company in Scotland the fullest information can be had, on application at the Offices, MANSION HOUSE, GREENOCK, and to the Agents elsewhere.

THE AMERICAN FLOATING BALL WASHING MACHINE.

Honourable mention at the Paris Exhibition of 1855.

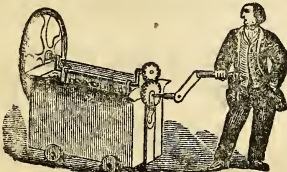

B. MOORE, 133, HIGH HOLBORN, LONDON, PATENTEE,
Sole Agent and Licensee for Scotland.

W. M. HILL, 107, WEST GEORGE STREET, GLASGOW.

THIS MACHINE, which solves the problem of mechanical washing most satisfactorily, and in principle more nearly resembles hand washing than any other invention hitherto brought before the public, has made rapid progress in America and on the Continent of Europe. In Paris, during the Exhibition, no less than FOUR THOUSAND were sold. In this country, the Machine is fairly established in popular favour as an indispensable apparatus for washing purposes in the economy of every well-arranged household. Public Institutions are also extensively adopting them. A short trial cannot fail to convince the most sceptical of both their efficiency and economy. The time required is short, the labour light, and the saving in soap and fuel one half. Linens wear longer, and, after a few washings, become purer in colour than by the old, or any other method, and the finest and most delicate fabrics may be submitted to the action of the Ball without the slightest risk of injury.

For Household use, Wooden Lever and 200 Balls, 24 in. by 12 in., £3.

For Laundries, large Hotels, &c., Crank Shaft with Fly Wheel, and 240 Balls, 27 in. by 14 in., £6 ; 300 Balls, 40 in. by 15 in., £10. Zinc Lining, 8s. and 10s. extra. Delivered free in London or Glasgow.

In operation every day from one to three o'clock, at 107, West George st., Glasgow.

In Stock, the celebrated **YANKEE HYDRO-THERMAL CHURN.**

ALSO, **MANLOVE, ALLIOTT, & Co.'s PATENT DRYING MACHINES**, of various sizes, for domestic use, Laundries, and Public Institutions.

SMALL'S

PATENT MARINER'S COMPASS.

THIS simple Invention invites the attention of all interested in the safety of life and property at sea, but more especially Owners, Underwriters, and Masters of iron vessels. While it is a complete Mariners' Compass, it differs from all others now in use, either in the Navy or the Mercantile Marine.

The arrangement of this Compass has many advantages over the best Azimuth one, as the Error of it or any other Compass on board can be determined at once when a celestial object is visible, and the course that the ship is steering shown at the same time, by one observer, without an assistant or reference to the usual lengthened method of calculation; and the observation may be made when the sun or moon is obscurely seen through a fog or cloud, and the horizon invisible, and the needle may be set to the truth by magnetic adjustments attached to it, if thought proper. The error of any point of the Compass may be determined when the vessel is under sail, steam, or in tow by a steamer.

The Instrument is so simply constructed that any person can use it, and is suitable for either Sailing or Steam Vessels, several of which have already been supplied from London, Liverpool, and the Clyde. Instructions for using the Instrument, accompany it, and it may be had by applying to Messrs WHITE & BARR, Sole Licensees for Scotland, No. 1, Renfield Street, Glasgow.

SMALL'S PATENT DEVIATION COMPASS,

Whereby Compass Errors can be Detected at any moment, when Sun, Moon, or Star is Visible, by simple Inspection.
